

**INCIDENT
COMMANDER**

**AN OFFSHORE ACADEMY
ENDORSED PROGRAM**

INTRODUCTION TO THE INCIDENT COMMAND SYSTEM (ICS 100)

UK CERTIFICATE LEVEL 3

This course will introduce students to the Incident Command System (ICS). The overall course goal is to promote effective response by:

- Familiarizing you with the Incident Command System and the National Incident Management System principles used to manage incidents.
- Preparing you to coordinate with response partners from all levels of government and the private sector. The course is based on conventional FEMA ICS guidance but with a focus on the application of ICS principles to Incidents within Industry.

With over 20 years of industry experience, the Offshore Academy can tailor our courses to meet your needs. Our MERSC 2.0 facility has been endorsed as an NOCN Centre of Vocational Excellence. As such, our training meets internationally recognised standards, providing you with confidence in the competency and quality of your personnel.
